

1 DAIRY
Ample will to milk.
Fast milk let down.
More milk for size.

2 TALL
Faster growth. High
udder for easy care
and modern milking.

3 OPEN
Room for the udder.
Added calving ease.
Long breeding life.

4 STRONG
Larger Mature size.
Healthy udder, feet
and legs and lungs.

5 SMOOTH
More appetite. Less
injury to teats and
legs. Easy milking.

6 STYLE
Less foot trimming.
More durable bones.
Attentive character.

WEEKS® ANALYSIS NUMBERS ARE:

For a **BULL** ---- in the order **HE SIRE**s them.
For a **COW** ---- in the order **SHE NEEDS** them.

Qualities that bulls add and cows need in mating are shown
ONLY with WEEKS® Analysis numbers on the chart below:

WEEKS® Analysis numbers prevent these problems.

	# 1 DAIRY	# 2 TALL	# 3 OPEN	# 4 STRONG	# 5 SMOOTH	# 6 STYLE
